Swine Logic Model

Situation: Kentucky ranks 18th in the nation for total swine production with more than 1,000 swine operations. Swine productions accounts for 2% of total cash receipts for Kentucky agriculture. In 2017, Kentucky had approximately 410,000 total head of swine with 45,000 breeding animals and 365,000 market hogs and pigs. Source: https://www.kylivestockcoalition.org/pork-resources
