

Youth Forestry & Natural Resources Education EVALUATION

Name of program: _____

Club or Activity (please circle)

Please take a moment to complete this survey on the program you just completed.

1. How many 4-H Clubs or activities have you participated in?

2. Why did you join this 4-H Forestry/Natural Resources club or activity? (Select all that apply)

- I wanted to learn about trees, forests, forest products, and wildlife.
- I think learning about trees, forests, forest products, and wildlife are important.
- I thought it would be fun.
- I want to compete in the Junior / Senior Forestry Judging Competition.
- My friends were in it.
- Forestry/Natural Resources is part of a program at my school.
- Another reason _____

3. Please tell us how much you agree or disagree with each of the following statements about this 4-H Forestry/Natural Resources club or program. (Select ONE in each row)

Statement	Strongly Agree	Agree	Neutral	Disagree	Strongly Disagree
I think trees, forests and wildlife are important in both rural and urban environments.					
I can identify forests and other natural resources in my community.					
I have learned that forest products such as wood are important in our everyday life.					
I have learned that forestry/natural resource stewardship is important so we can take of our forests and natural resources to protect the environment as well as provide products.					

4. Please tell us Yes, No or Maybe for each of the following statements. (Select ONE in each row)

Statement	Yes	No	Maybe
I plan to participate in or complete a 4-H Forestry/Natural Resources education project such as the County and State Fair Leaf Collection.			
I plan to participate in a club or community project that will improve or conserve our forests/natural resources.			
I plan to share information about my community's forests/natural resources with others (ex. citizen science programs such as Adopt-A-Tree & Feeder Watch)
